

The Forum is a business event designed to bring together policymakers, practitioners, and academics to discuss challenges and solutions, and to learn from peers. This event focuses on sharing solutions within the four pillars of academic excellence at Brunel Business School: (i) Impact Entrepreneurship and Innovation Leadership, (ii) Equality, Diversity, and Inclusion, (iii) Sustainable Digital Economy, and (iv) Healthcare and Wellbeing Management. The event aims to bridge the gap between research and its application,
